Premier League Goals Dashboard — Power BI Project

Overview

This Power BI project is a visually immersive and analytically rich **dashboard built to explore Premier League match statistics**, focusing on goal-scoring trends across teams.

Objective:

The goal of this project is to **demonstrate advanced data modeling and DAX logic** in Power BI while also showcasing how thoughtful visual design can enhance user engagement and data clarity — making it suitable for dashboards used by clubs, analysts, or fans interested in Premier League statistics.
